

All Saints Art Camp 2019 (July 15 - 19)

I am excited to offer a week of fun and creating at All Saints Anglican Church! The camp is recommended for ages six and up. This year we have quite a variety of projects, so students will get to try a range of approaches to two dimensional artwork. Our main two projects this year include large portraits and mixed media animals constructed from cardboard. Throughout the week, we will work on a number of drawings and small watercolor studies from life.

The camp will be held at All Saints Anglican Church. For the last two years we have enjoyed a field trip to Black Bayou Lake National Wildlife Refuge. I hope to do this again during the week. I will have more information in the coming weeks.
